SERVICE PROJECTS & ACTIVITIES

The Club maintains a Day Care Center in a depressed barangay attended by about 60 pre-school children. The club pediatrician takes care of the children’s medical needs. The mothers of the children are given lectures and seminars on family life, parenting, and sex education. A livelihood program will also start shortly.

The Zonta Playground at the Capitol Lagoon grounds is maintained, and furnished with several permanent playground equipment such as swings, slides, seesaw, tubes and recycled rubber. With the help of the provincial government, additional equipment was added this year such as park furniture, play structure, shade structure and multiple exerciser. Since the playground is within the city proper, children and adults frequent the park, especially after school or office. The Zontians decorate the playground at Christmastime with lights hanging on all the trees.

The meeting to organize the Zonta Club of Bacolod was held January 26, 1969, presided by Dorothy Thomson a Zontian from Toronto, Canada, and Justice Cecilia Muñoz Palma of the Zonta Club of Manila. The Club was chartered by International President Helvi Sipila of Helsinki, Finland.
