The Club’s current projects include promoting breast cancer awareness and even helping out stricken indigents with medical assistance. A Pap Smear Campaign was coordinated by Dr. Lupe Lazaro. Educational assistance for the young is provided, such as scholarships and school supplies. A barangay in Caloocan City was adopted, where the Club conducts a feeding program for some 50 mothers and their children. The mothers are also educated in proper nutrition and given livelihood training. Livelihood assistance is regularly embarked upon. The Pushcart Livelihood Project provided almost 50 pushcarts to different families in different parts of the country, such as the resettlement sites for those displaced by lahar in Pampanga.
