SERVICE PROJECTS & ACTIVITIES

The Club’s projects against gender-related crimes include a Women and Children’s Desk within the Iloilo City PNP Compound in the Zonta II Hall there, which also serves as Shelter for Threatened Victims. A Club-donated multi-cab gives anonymity to victims in transit. The Club members give free legal advice and consultations. These activities merited the Club a PNP Plaque of Recognition from President Gloria Arroyo and PNP Director Hermogenes Ebdane.

Over a hundred parents, including 18 recent cosmetology graduates, have benefited from the Club’s Skills Training Program at Zonta II Hall, Fundidor, Molo. Cosmetology, sewing and cooking classes and other non-formal education services are being given there.

The Oton Women’s Livelihood Enterprise Project is an offshoot of the Skills Training Program for disadvantaged women from Oton town barangays. Eleven have qualified for microfinancing, and are into chicken raising, food vending, butter making, buy-and-sell, vegetable growing, etc. The Club intends to offer start-up capital to 24 more seminar trainees.

As a member of Iloilo City’s Task Force on Clean and Green, the Club’s Environmental Project is cleaning and beautifying the city’s major road islands.

A rape victim is interviewed at the Women’s Desk.

Zontians with President Marilen holding the national PNP Plaque of Recognition in front of the mini-multicab to be used at the Women and Children’s Desk and Shelter for Threatened Victims of Iloilo.

Flower making at Zonta II Hall, Fundador, Skills Training Program.
