- Jennifer Teo
- Erlinda Yap

**Service Projects & Activities**

Started in 1999, the Club continues the Student Adoption Project which financially helps underprivileged female students. There are now 14 girls benefiting from the Project, aged 13-14 years. Each girl is chosen for her potential to do well in her studies, and is given RM600 per annum for 5 years, or until she reaches Form Five. Another tradition, the annual Family Treasure Hunt, was held on March 30, 2003.

Ninety-five women participated in the first seminar of the Cancer Awareness Program for the Rural Woman in Kuantan, which was held May 10, 2003, in collaboration with Poliklinik Masyarakat, Jaya Gading. Presentors on breast cancer and cancer of the cervix were Dr. Nurashikin from the Polyclinic and Prof. Dr. Humairah from the International Islamic University Malaysia, who is also a Zontian. Breast self examination (BSE) was also taught to the participants. The second seminar was held at Kelinik Desa Kuala Kenau on June 28, 2003, and attended by 40 women and 12 men. Speakers were Ustaz Khairul Imran Abdul Jalil, Deputy Director of the Islamic Department and Dr. Wan Hasmawati Wan Ismail from Poliklinik Masyarakat Sg. Lembing. The talks were followed by a BSE teaching session done by the Zonta Club members.
