SERVICE PROJECTS & ACTIVITIES

The 2-year old club received the Runner-Up Award for Livelihood Project at the UNIFEM Women’s Day Celebration on March 7, 2003, for carrying on its livelihood center at the basement of St. Francis Church on Shaw Boulevard. The Club continues its support of needy mothers and children through partnership with the Unang Hakbang Foundation (UHF). The Club provided five industrial sewing machines, helps market the items made by these urban poor; and donated reference, classical and bible books for elementary and secondary students. It is networking with other clubs to pave a good service relationship with them. Joint projects with Area 1 clubs include the Anti-Tuberculosis Program, medical missions, lobbying in the Senate, and the fund-raising bazaar.

Mache Torres-Cruz arranged the Success Unlimited donation of children’s reference books to the Unang Hakbang Foundation (UHF).

Medical mission with free pap smear and pediatric consultation.
