2ND VICE PRESIDENT: Jackie Ma
RECORDING SECRETARY: Teresa Lin
CORRESPONDING SECRETARY: Angela Ho
TREASURERS: Betty Chan
DIRECTORS: Grace Au
Alicie Siu
EX OFFICIO: Monita So

SERVICE PROJECTS & ACTIVITIES

For the past two decades the Club has supported and actively participated in a wide spectrum of social services, targeting in particular, the women, the elderly, the young, the underprivileged and the handicapped. Some of these projects have been pursued consecutively for several years; at the same time new projects are being identified and undertaken each year.

Safety Alarm System for the Elderly. The club donated and helped install 100 safety alarm systems in the homes of elderly people, networking with the Hong Kong Senior Citizens Association. The system enables the old people who live by themselves to call a 24-hour hotline service center in case they need help. The Zontians also visited some senior citizens’ homes in Kwun Tong to distribute blankets and jackets.

Waste Separation Scheme in Preschools. The Club co-organized with the Environmental Campaign Committee, the Educational and Manpower Bureau and the Environmental Protection Department, to produce waste separation bin models for all pre-schools in Hong Kong. The bin models together with a set of environmental education materials were delivered to schools where the pre-school teachers find them useful for demonstrating and teaching about waste separation and its importance, to the children.

Waste Separation Information Campaign in Preschools.

Donation of 100 safety alarm systems for the homes of elderly people
