SERVICE PROJECTS & ACTIVITIES

The Zonta Club of Quezon City has focused on underprivileged women, empowering and helping them raise families of responsible citizens through education/literacy projects, livelihood training, and cultural/spiritual upliftment experiences. The Club has a continuing project with the Department of Labor and Employment’s POEA and DWWA offices to prepare overseas contract workers, mostly women, for their employment abroad by conducting Pre-Departure Orientation Seminars on rights and obligations, cultural expectations, coping with stress, and financial management. Networking with other non-government socio-civic organizations (NGO’s) is a common approach mode for project implementations.

“Gupit” Training for the women residents of their adopted squatter community. Each trainee received a barber’s kit as starter equipment for livelihood.

President Remy Savellano gives a lecture at a “Pre-Departure Orientation Seminar (PDOS)” for Migrant Workers held in cooperation with POEA and DWWA, Department of Labor and Employment (DOLE). This was held on a Saturday at Ramon Magsaysay High School, EDSA, Quezon City.

President Remy Savellano with the squatter community in Barangay Sacred Heart, Quezon City, bounded by Dr. Lascano, Scout Torillo and Scout de Guia Streets. This is their “Adopt a Squatter Community” project.
