CLUB MEMBERS

SERVICE PROJECTS & ACTIVITIES

The Club conducted regular medical missions and livelihood projects like candle-making in different barangays in Quezon City, including Balara, Tatalon, and Escopa; and in San Isidro, Nueva Ecija. Over 300 residents in the different depressed areas were given reading glasses after having undergone eye-examinations. A cooperative program for the teachers in San Pablo, Laguna was started. We gave seminars and seed money to them. We gave seminars for small farmers in Quezon on how to increase their yield. We networked with TESDA and a Taiwanese expert in agriculture. On-going are our annual visits to the Nazareth’s Home for the Aged, Orphans and Street Children in Laguna. On our last visit, we donated a hospital bed, I.V. stand, bed table, wheel chair, bathing chair with casters, bandages, gauzes, and other hospital instruments and gadgets. Donations were solicited for our activities. A seminar on Managerial Leadership was held for Club members, conducted by Mr. Enrique Abadesco, Managing Director of Effectiveness Advisors. We are in the process of forming a new club in San Isidro, Nueva Ecija. We are also finalizing a joint project with Hospicio de San Jose to come out with a cookbook featuring the favorite recipes of the Valle Verde Zontians and their friends, as well as Christmas cards with the artwork of the orphans. We hope to produce these in time for the District Conference where we expect a market for the products. All these activities are aimed at advancing the status of women and children.

Our Golden Z. Club of St. Paul’s College Q.C. has consistently been active. It was organized in 1993. Through them, we have supported a yearly scholarship for a deserving and marginalized student.

At the St. Nazareth Home for the Aged, Orphans and Street Children in Laguna.
